

DP4K-18BLPHC

Smart Laser high-contrast cinema projector for mid-size premium movie screens

- High-contrast images
- Reduced total cost of ownership
- Unprecedented ease of mind

The DP4K-18BLPHC doubles the contrast of the Smart Laser projector series to provide an improvement of image quality to mid-size premium screens. It delivers consistent, razor-sharp, and high-contrast images with native 4K resolution and 16,000 lumens native brightness. It's perfectly suited for mid-size movie screens ranging from 10 up to 16 meters (32.8 up to 52.5 feet).

Superior image quality

The DP4K-18BLPHC offers consistent DCI-compliant image quality with native 4K resolution, outstanding uniformity, and 5,000:1 native contrast on white and silver screens. Its light output can be dimmed to 30% of the initial brightness, enabling 2D and 3D showings from the same projector.

Reduced total cost of ownership

Eliminating all lamp-related costs, the DP4K-18BLPHC provides a very attractive TCO. Thanks to its unique cooling system, the projector boasts a 30,000-hour constant brightness at typical usage conditions.

Unprecedented ease of mind

The DP4K-18BLPHC cuts operating expenses, reduces operational complexity, and optimizes labor cost. The projector increases your uptime and frees you from all lamp-related costs, administration, and maintenance.
